

Closing Chapter: Celebrating Success and Looking Forward to a resilient future for SMEs

As we wrap up an incredible journey of collaboration and innovation, we want to take this opportunity to reflect on the milestones we have achieved together and the lasting impact of our work.

This final newsletter is not just a summary of what we've done but a celebration of the partnerships, insights, and breakthroughs that have marked the RE-CREW project over its duration.

We invite you to delve into this newsletter, where we highlight key outcomes, share our milestones, and outline the steps we are taking to ensure the sustainability of the project's achievements. Thank you for being an integral part of this transformative initiative.

Let's look back at our shared accomplishments and forward to new challenges and opportunities.

Digital Assessment Tool

DAT Digital Assessment Tool

The DAT is structured in separated but complementary assessment areas and explores:

- availability and effectiveness of any HR management strategies;
- how small businesses plan any hiring process;
- effectiveness of hiring procedures;
- quality of any Employer Value Proposition and Branding strategy;
- consistency with any previous hiring processes undertaken by the employer;
- availability and quality of any social responsibility policy within the company;
- company's approach to any health and wellbeing strategy at the workplace.

The DAT targets:

- small businesses, so that they can self-assess their readiness to undertake any effective and performing recruiting;
- specialized advisors, mentors and business support organizations, in order for them to integrate such an innovative diagnosis into their portfolio and follow up with consultancy and/or training.

VET Trainers Toolkit

VET Trainers Toolkit

Welcome to the VET Trainer Toolkit! This resource page offers comprehensive materials presented during our Learning, Teaching, and Training Activity (LTTA) (in Piran, Slovenia).

During the LTTA, several engaging workshops were conducted, each designed to empower trainers with valuable insights and practical advice. These workshops are now available for you to explore and utilize in your training endeavors. Whether you wish to deepen your understanding of these topics or create your own training sessions, this toolkit provides all the necessary resources.

Workshop Highlights:

1. **Setting up the Recruitment Process** – Presented by EXEO Lab, this workshop covered essential steps and best practices for establishing an effective recruitment process.
2. **Health and Well-being in the Workplace** – Led by ISSBS, this session emphasized the importance of maintaining health and well-being in the workplace, offering strategies to ensure a supportive environment.
3. **Corporate Social Responsibility** – Conducted by p-consulting.gr, this workshop explored the principles and implementation of corporate social responsibility within SMEs.
4. **Creating Company DNA** – We Are Entrepreneurs shared their innovative approach to defining and nurturing a company's unique culture and values.
